SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SECTION SF30 - BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

(End of Summary of Changes)

The following items are applicable to this modification:SF30 CONTINUATION PAGE

2. Section 00800 – SP 17: Delete and replace with the following:

SP 17. FIELD OFFICE BUILDING

The Contractor shall furnish and maintain a temporary building for the exclusive use of the Government inspectors during the life of the contract. The building shall conform to the following requirements:

Type	GE Capital Modular Space or equal
Size	8' x 40' Two Office Model
Height of Ceiling	Not less than 7 feet
Windows	Not less than 4
Door	At least 2
Type of Floor	Wood or Concrete

The building shall be of light but weatherproof construction. Windows shall be arranged to open and to be fastened from the inside. All door and window openings shall be provided with suitable screens. The doors shall be equipped with a durable hasp and padlock. The windows shall be equipped with bars or other theft deterrent means approved by the Contracting Officer. Interior surfaces of exterior walls and ceilings shall be covered with insulating board. The building shall be equipped with air conditioning during hot weather and adequate heat during cold weather.

The building shall consist of two offices separated by a common area. An inside storage room of adequate size shall be provided. Each office and the common area shall be equipped with a separate telephone jacks for voice and computer, sufficient electrical outlets for office computer, printer and other equipment and sufficient fixtures for adequate lighting. The common area shall have a drafting table and drafting chair. Each office shall be equipped with at least two chairs, one desk, one lockable three-drawer file cabinet, and one telephone.

The Contractor shall furnish local and long distance service for two phone lines and all electricity required during the entire length of the construction period and shall make the necessary arrangements for electrical and telephone utility service to the building.

The Contractor shall furnish adequate sanitary facilities at all times throughout the life of the contract. The sanitary facilities shall be cleaned as necessary, but at least once per week. The Contractor shall also furnish a water cooler and an adequate supply of approved drinking water.

The contractor shall furnish for official use by the Government inspector, a copy machine with a reproduction rate of not less than 10 copies per minute and facsimile machine. Office supplies, such as copy machine paper and toner, facsimile machine paper and toner, notepads, pens, pencils, highlighters, paperclips, stapler, staple puller, staples, tape, scissors, erasers, correction tape (liquid paper), etc., shall be provided by the Contractor for official use by the Government inspectors. All costs for office accommodations and supplies shall be included in the applicable contract unit prices.

The field office, its location and all facilities shall be subject to the approval of the Contracting Officer. No separate payment will be made for furnishing and maintaining the field office. Such building will remain the property of the

Contractor and shall be removed upon completion of the work as provided in the CONTRACT CLAUSE entitled "Operations and Storage Areas".

3. Section 02935 – Establishment of Turf, Paragraph 2.1.2 Seed is deleted in its entirety and replaced with the following:

Seed labeled in accordance with U.S. Department of Agriculture Rules and Regulations under the Federal Seed Act shall be furnished by the Contractor. Seed shall be furnished in sealed, standard containers unless written exception is granted. Seed that is wet or moldy or that has been otherwise damaged in transit or storage will not be acceptable. The specifications for seeds shall conform to the following, unless otherwise approved by the Contracting Officer:

<u>Kind of Seed</u>	<u>Minimum Purity</u> <u>Percent</u>	<u>Minimum Germination</u> <u>Percent</u>
Rye Grass (Common Perennial)	95	80
Timothy Grass	95	80
Pensacola Bahia Grass	95	80
Bermuda Grass	95	80

4. Section 02935 – Establishment of Turf, Paragraph 3.4.1 is deleted in its entirety and replaced with the following:

Seed sown during the season between 1 March and 30 June, inclusive, shall consist of 15 pounds of Rye Grass, 15 pounds of Pensacola Bahia Grass, 40 pounds of hulled Bermuda grass, and 25 pounds of Timothy Grass seed per acre. Seed sown during the season between 1 September and 15 November, inclusive, shall consist of 25 pounds of Rye Grass, 15 pounds of Pensacola Bahia Grass, 40 pounds of Timothy Grass, and 40 pounds of unhulled Bermuda seed per acre. A satisfactory method of sowing shall be employed, using approved mechanical power-drawn seeders, mechanical hand-seeders, broadcast-seeders, or other approved methods. When conditions are such by reason of drought, high winds, excessive moisture, or other factors that satisfactory results are not likely to be obtained, work shall be halted as directed and resumed only when conditions are favorable or when approved alternative or corrective measures and procedures have been affected. If inspection either during seeding operations or after there is a show of green indicates that areas have been left unplanted, additional seed shall be sown if so directed.

5. Drawing 011a0694 – Temporary Erosion Control Devices please note the Inlet/Swale Layout Detail should have R200 instead of R90. See drawing number 005a0694 for a riprap detail of inlets.
